

**ALL SEASONS
CUSTOM APPAREL**

Custom Merch Stores

Does your group, organization, or team need new apparel? Let us do the hard work for you! No need to take individual orders and collect money! All Seasons Custom Apparel can set up a custom online store, no cost to you. Your customers can conveniently order and pay for their garments on your custom website.

So how does it work?

1). Pick between 1-3 logos that you would like to offer. You can choose up to 5 garment styles or color variations per logo.

- We have multiple vendors and brands to choose from for your apparel.
- Our creative graphic designers can help you come up with the perfect designs and colors.

2). All Seasons Custom Apparel will set the price per garment.

- If your organization is looking to raise funds, you can choose a percentage or dollar amount to add to each garment. We will then send payment of the profit to your organization after processing the orders.

3). We will customize your merch store to represent your group, organization, or team.

- We can include a countdown timer at the top of the page to remind customers when the store closes.
- We can include a fundraising tracker to show how much has been raised.
- We can also include a custom header to make the online store unique to your organization.

4). You set the length of time that you want your store to be open. Once the purchasing window closes, we will process all orders within 2-3 weeks.

5). A representative from your organization will pick up the orders in bulk with a list of orders for distribution. (We are hoping to offer direct shipping soon.)

Please send all custom Merch Store inquiries to info@allseasonscustomapparel.com
